

The Dividend Machine Email List

InfoMat, Inc.

Integrity, honesty and great customer service

Description:

The Dividend Machine, edited by former accountant Bill Spetrino, has been hailed by Mark Hulbert of the Hulbert Financial Digest as the #1 low-risk newsletter in the industry, based on performance.

One look at the portfolio tells you why the newsletter deserves such acclaim. It is filled with companies from all across the globe that hold a dominant position in their industries. And these companies use that dominant position to generate piles and piles of cash, which they return in shareholders in the form of dividends.

But not just any dividend payer will qualify for inclusion in **The Dividend Machine** portfolio. In order to be added to the portfolio, it must meet a very stringent set of criteria that Bill has set forth. And it must have one final factor above all: it must be priced right.

These subscribers are avid watchers of CNBC and Fox Business News. They turn to publications like *The Wall Street Journal*, *Barron's*, *Fortune Magazine*, *Forbes Magazine*, *Kiplinger's Magazine*, *Morning Star Publications*, *Money Magazine*, and Financial Newsletters including those published by Agora, Money Map Press, Porter Stansberry, Sovereign Society, InvestorPlace, Value Line, Zacks, Motley Fool, and other financial advisories.
